Dated 2 — 7 — 1869.	

Not to be folded or roughly handled

Proceedings of the Madras Government, Public Works Department,
2nd July **1869.**

No. 34. Read the following letter from the Acting Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Madras, 16th June 1869, No. 1,512 :—

1 Plan.
1 Specification.
1 Estimate.

I HAVE the honour to forward for sanction, with reference to G. O., No. 364, dated 4th February 1869, a revised plan, specification, and estimate, amounting to Rupees 4,250, for erecting a compound wall and gate round the Female Hospital, St. Thomas' Mount, and for making roads, culverts, and pavement to well, as well as for supplying punkahs to the wards and shelves to the surgery and store-room.

2. A sum of Rupees 2,096, on account of these works, was expended in the last official year, and it included an item of Rupees 770, paid as compensation for the land on which the Hospital was built, and provided for in the above estimate.

3. The current Budget, under the head Military Part II., Item No. 17, allows a sum of Rupees 6,980 for this work under the supposition that iron railings would have been put up as an enclosure to the Hospital. As the amount of Rupees 2,154* only of this estimate is required in this year, there will remain a balance of Rupees 4,826 of the Budget allotment which may be appropriated for other works. As a site for Apothecary's quarters, in connection with this building and the General Hospital at the Mount, has been chosen, and the Range Officer, Captain Rogers, informs me that these quarters are much wanted, I would recommend the balance now available being laid out on the erection of the building.

	* Rupees	4,250
Expenditure in 1868-69...	,,	2,096
		2,154

4. In G. O., No. 1,979, of the 3rd July 1867, an estimate, amounting to Rupees 3,730, was sanctioned, but the work was deferred for want of funds. If the quarters for an Apothecary be now erected, a revised plan and estimate will have to be submitted in accordance with the Bengal standard plan, which was not received when the design was adopted from which the estimate which accompanied my letter of the 24th June 1867 was made.

No. 35. ORDER THEREON, 2nd July 1869, No. 2,145.

MILITARY WORKS, No. 4.

THE Government approve of the estimate of Rupees 4,250 for enclosing the compound of the Female Hospital at St. Thomas' Mount.

2. His Excellency the Governor in Council will be prepared to consider the proposal in paragraph 3 on being furnished with a revised plan and estimate for the Apothecary's quarters.
